Alpine County Assigned to the **Orange** Tier

As we have anticipated due to our increasing cases of COVID-19, the California Department of Public Health has assigned Alpine County to a more restrictive tier. This is part of the Governor's Blueprint for A Safer Economy, in which restrictions are phased in or out based on recent activity in the local jurisdiction.

Our current numbers are available on our Web site and are updated each evening (except for weekends and holidays). [COVID-19 | Alpine County, CA - Official Website](#)
