9:05 AM UPDATE--AT THIS TIME ACCESS TO CRYSTAL SPRINGS AND WEST FORK TERRACE IS UNAVAILABLE DUE TO FIRE ACTIVITY

DATE July 21, 2021

5:20 p.m.

The Alpine County Sheriff Office has released a statement lifting Saturday's evacuation order for the Hung A Lel Ti Community only. This Tribal notification does not apply to non-Tribal members.

At this time Hung A Lel Ti residents may choose to begin returning to their homes. However, if you have checked out of your hotel, you will not be able to return to the hotel. Please notify the EOC by phone or text at (775)430-0345

We ask that the Hung A Lel Ti residents clearly understand and consider the following safety and welfare concerns:

- The Tribal EOC will continue to provide safe and secure evacuation lodging to the best of its ability until the current threats from the Tamarack Fire have been completely mitigated. If residents desire to remain in EOC lodging, they are asked not to check out of their current motel rooms.
- The Tribal EOC strongly discourages Elders and others with special needs from returning to the Community at this time, especially given the continuing possibility of re-evacuation. If these residents choose to return, please notify the Tribal EOC so assistance might be arranged, if possible, should a re-evacuation be ordered

- All returning Hung A Lel Ti residents do so at their own risk.
- While Liberty Utilities has restored electrical power to the Community, Liberty reminds us that Public Power Safety Shutoffs (PPSS's) or other power interruptions might occur again at any time.
- Similarly, road closures and other travel restrictions in California or Nevada might be imposed at any time.
- The Rocky Mountain Incident Management Team coordinating all fire-fighting efforts is urging our Tribal members to be aware that the Tamarack Fire is not contained and that returning residents must be prepared to re-evacuate on short notice. – End Statement.
