**Phone:** (209) 986-9428

**FOR IMMEDIATE RELEASE**

## TRAFFIC ADVISORY

### Update #3: Caltrans to Install Culvert and Reopen State Route 89

**AMADOR COUNTY** – The California Department of Transportation (Caltrans) loaded a 100-foot long, 8-foot diameter drainage facility (culvert) from the Caltrans District 10 Maintenance Yard in Ione and will deliver it today (August 11, 2022) to Alpine County where it will be installed beneath State Route 89 north of Markleeville.

Shoring will be installed today for excavation of the pipe. The 2-week completion timeline still stands.

This is great news for the community, which has been without full access on Route 89 since August 3, 2022, when a storm created mud slides and debris flows in the Tamarack Fire burn scar area.

Route 89 remains closed between Turtle Rock Park Road and Webster Street. Caltrans Construction and Maintenance crews are working hard to complete this project as safely and expeditiously as possible.

Markleeville is open for business! Visitors can access the community via Route 89 Monitor Pass and Route 4 Ebbetts Pass.

Follow Caltrans District 10 on social media for updates. For road information, visit [Quickmap.dot.ca.gov](https://www.quickmap.dot.ca.gov) or download the app on your smart phone or device.
