## TRAFFIC ADVISORY

### Update #5: Caltrans Working to Reopen State Route 89

**AMADOR COUNTY** – The California Department of Transportation (Caltrans) is making excellent progress to restore full access on State Route 89 north of Markleeville in Alpine County.

Caltrans District 10 completed installing a 120-foot long, 8-foot diameter culvert on Monday, August 15, 2022.

Construction crews are focusing now on backfilling operations. The estimated 2-week completion timeline still stands.

The community of Markleeville has been without full access of Route 89 since August 3, 2022, when a storm created mud slides and debris flows in the Tamarack Fire burn scar area.

Route 89 remains closed between Turtle Rock Park Road and Webster Street.

Caltrans Construction and Maintenance crews are working hard to complete this project as safely and expeditiously as possible.
