DATE: April 5, 2023

RE: Alpine County Announces Arbor Day Tree Planting

FOR IMMEDIATE RELEASE: ALPINE COUNTY ANNOUNCES ARBOR DAY CELEBRATION AND TREE PLANTING AT TURTLE ROCK PARK ON APRIL 28, 2023 FROM 12 PM – 3 PM.

Alpine County Community & Economic Development invite you to join us on Arbor Day, April 28th, at 12:00 PM for Turtle Rock Park Arbor Day Celebration & Tree Planting! This will be an opportunity to experience the impacts of the Tamarack Fire on Turtle Rock Park, learn about the restoration process and enjoy some food while we dream of the future. This will be the kickoff to the visioning process for rebuilding Turtle Rock Park back to a jewel in Alpine County.

Festivities will begin at 12:00 PM with a tour of the restoration activities planned for the landscape followed by planting of 1,000 seedlings around the community building and golf course area to get the restoration process started. We will end the event with snacks and beverages (which will be provided) at 2:00 PM followed by a facilitated discussion of the restoration process and visioning session about possibilities at Turtle Rock Park. We hope you will join us for this special Arbor Day celebration and look forward to some great ideas about our future.
