*Marshauna Mikelionis*

As long as I can remember, I have seen the world around me in pictures. Photography, to me, gives us the opportunity to connect with those special moments over and over again. It is my hope that through my pieces people who have never visited these places will get a small glimpse of the beauty of the Sierras. These mountains are special to me. I have lived in this area for 17 years. I have spent more than 30 years hiking and visiting the Tahoe Region. I feel immense gratitude to be able to share the beauty of the Sierras through my pictures.

*Evelyn Yonker*

Wanting to be a famous artist all my life, I finally had the chance to take art seriously when the Lake Tahoe Community College opened in 1978. Dave Foster and Phyllis Shafer were my teachers, mentors and friends who really started my art career. I hosted workshops with renowned artists such as Lian Zhen in watercolor, Ron Ranson in watercolor and Phillippe Faraut in portrait sculpture. In 2010 I owned and operated the Markleeville Art Gallery. The gallery showed over 45 artists and organized two plein air painting events. I enjoy teaching drawing and helping others to learn about the fun of making art.

## FRIENDS OF THE LIBRARY

Alpine County Library Friends of the Library (FOL) support the library by fundraising and by spreading Library awareness!

This last year alone, the Friends of the Library have funded:

- Brand new children's books
- Brand new adult books
- Craft supplies
- Outreach supplies
- Summer Reading Program prizes & snacks
- Saturday Storytime snacks
- Library Signage to find books (see the above picture)
- Bookclub Books
- Special Events like Kindermusic etc.

Without their hard work and all of your support the library wouldn't have any set funding for the above resources!

Mark your calendars for the Friends of the Library sponsored Music in the Park this September! Dear Radio will be playing September 21st!
